

Roseburn Nursery
Home Learning and Learning Through Play Opportunities
Week Beginning 08.06.20

This learning grid will hopefully offer you some ideas and activities you could do at home with your child during the school closure. Each week we aim to email you a selection of activities that you may wish to do. Please let us know what you think, or if there is anything different you would like. We are missing seeing you all, so please keep in touch. You can upload photos to your Online Learning Journals.

Top Tips:

- Allow lots of opportunities for your child to enjoy free play with their toys, following their interests. Use this opportunity to observe what motivates your child and consider different ways you could develop their own interests
- Only offer challenges or play opportunities for as long as they are enjoyable - this might be 15 minutes. You can always go back to them at any time
