

Numeracy and Maths

This activity is based around camping and has lots of different mathematical applications involved in it.

Have a go at the bee shape cutting activity.

Health and Wellbeing

We all know how important it is to stay safe in the sunshine. We need to wear a hat, apply sun cream and drink lots of water. Can you design your perfect t-shirt and sunglasses?

We also need to think about protecting our world – remember this is a good time to make sure you are recycling. This is a good story to listen to!

Literacy and English

There are lots of bees in the garden in summer and this little story talks about the fantastic job that our little bees do for the world.

<https://www.bbc.co.uk/iplayer/episode/b09tr225/cbeebies-bedtime-stories-621-celia-imrie-bee-natures-tiny-miracle>

Expressive Arts

Try fingerprint bees. All you need is a little bit of yellow paint and a black pen. You can make any design, add flowers, even a garden scene.

And of course there is some Bee Yoga. Meet Enzo the Bee!

<https://www.youtube.com/watch?v=uyi5LooYWyg>

We are **learning** all about Summer, plants and bees.

Technologies

Can you build a magical garden from junk? Just a creative way to reuse and recycle. Think of all the amazing things you could put in it. Perhaps use an empty shoebox?

It could be a fairy garden, a dinosaur garden – anything at all.

Challenge Area

When I was putting this plan together I was absolutely amazed at how many different facts I found out about bees! I wonder how many you can find? Try watching their waggle dance!
