- I can create my own skyline image showing understanding of **shape**

Edinburgh Castle is one of the most famous and easily recognisable landmarks in the world. It has a very distinctive **shape** on the city's **skyline**.

1. Create your own castle silhouette

- Using pencil, draw a light outline showing the outline shape of the castle and the rock.
- Decide which **media** you will use – pencil, pen, paint, pastels, collage – perhaps a mixture?
- Your castle should be black (dark blue, purple or brown would work) and the sky can be any colour you like! Perhaps you will have a stormy sky or a sunset?
