

These activities and ideas
are based around the book
“Supertato”
By Sue Hendra
& Paul Linnet.

All activities could be done
without the book!

Other Linked Stories
to read and enjoy
All our activities can
be used with these
books as well!

Evil Pea Teacher

The Evil Pea says he is the best teacher! He has spread lots of maths facts around the supermarket but they are not all correct.

Can you be like Supertato and find the right ones to teach the veggies the correct maths?

Talking Together

Here are some correct and incorrect pea maths for you to help Supertato teach the veggies! Can you tell your grown up why they are wrong or why they are right?

A square has 4
sides.

A triangle has 2
sides.

6 is bigger
than 8

More!

2 peas and 4
peas is 6 altogether.

He has
been evil...

2 peas and 2 peas
is 5 altogether.

The number 2 is
before the number 5

2 is the smallest
number.

5 peas and 5 peas
makes 10 altogether.

A Special Trophy for helping Supertato!
